A PLEA FOR PALESTINE

The bombs may have stopped but the plight of the Palestinian people continues. Hundreds have been killed, thousands more have been injured and many, many more have either been displaced from their homes, or have lost their homes entirely. There is an urgent need for humanitarian aid to meet the immediate needs of thousands of Palestinians affected by the recent air strikes in Gaza.

- Palestinians in the occupied territories are facing food insecurity and require food and clean water, both of which are in extremely limited supply at the moment. **For R40 per meal and R700 per food hamper**, you can provide Palestinians with the nutrition they are in need of at present.
- Due to the airstrikes, thousands of Palestinians have been internally displaced and require emergency shelters. **For R3000 per shelter**, you can assist us in providing this to as many Palestinian people as possible.
- Palestinians are in urgent need of medical supplies to assist those who have suffered severe injuries.

Feedback from Our Ramadaan Campaigns

Ashraful Aid would like to thank everyone who contributed towards our Ramadaan projects. Through your generous donations, we were able to distribute the following:

- **40 000 meals** distributed in Palestine, Syria, Yemen and various communities in South Africa.
- **1 million liters of water** distributed in Yemen.
- **300 Fitrah Hampers** distributed.

A special thank you goes out to our volunteer networks who assisted us in preparation and distribution of meals in various communities.

May Allah accept the efforts of everyone.
