## WINTER WARMTH CAMPAIGN

This winter, Ashraful Aid aims to bring warmth by providing soup, shelter and blankets to thousands of South Africans.

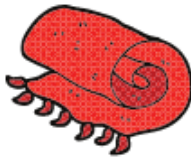

Through the month of June we provided 8800 warm winter meals of soup and bread to 35 communities in Gauteng, Kwa Zulu-Natal and the North West Province.

During July, we will be providing more soup meals to additional communities. In partnership with ABSIC school, we will also be distributing tents and blankets to the homeless who suffer the harshest effects of the cold during winter.

Support our Winter Warmth initiatives and make your contribution today.
