

PROJECT REPORT

BURUNDI 2022

PROJECT OVERVIEW

Ashraful Aid's main objective has always been to assist people in need, including those living in Burundi. This year our teams embarked on a campaign to provide education and food hampers. Ashraful Aid secured funds to build a much-needed masjid in Burundi. A further collection of kurtas was also collected from donors to assist much-needed musallees in the area.

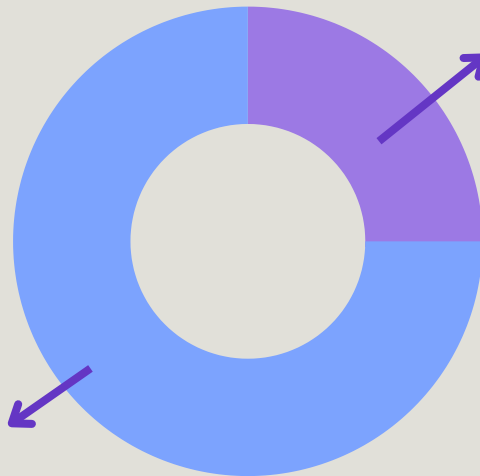

Burundi is a small country in the great lakes region of Africa, and it has suffered greatly due to a lack of food. Malnutrition is rampant among its population, with many people going hungry every day. This dire situation has caused immense suffering for thousands of people, particularly those who are already impoverished. Ashraful Aid has stepped up to provide vital humanitarian food aid to this struggling nation. Our initiative is making a difference by providing much-needed supplies and meals to countless Burundians who would otherwise go without essential aid.

PROGRESS OF OUR PROJECTS

Ashraful Aid has helped to promote educational equity and ensure that all students, regardless of their socio-economic background, have the opportunity to receive a high-quality education. This can help to break the cycle of poverty and improve overall social and economic mobility in communities.

Education

Food Security
25%

Ashraful Aid is dedicated to improving the lives of those in Burundi through our food security program. Our food assistance, in the form of food hampers, is highly valued by communities struggling with malnutrition, food shortages, and poverty. We are proud to be able to provide this much-needed support and are grateful for the positive impact it has on those who receive it.

INFRASTRUCTURE PROJECT

In addition to providing financial support, Ashraful Aid has also facilitated the renovation of a local masjid. This renovation has helped to improve the physical space and make it more functional and welcoming for the community. It has also served as a way to bring people together and promote a sense of hope. By helping to strengthen the community's bonds and provide a comfortable space for worship, we are able to make a positive impact on the lives of those in the community.

THANK YOU TO OUR DONORS

Providing education can help individuals and communities gain the knowledge and skills they need to improve their lives and build a better future.

And by providing food hampers you have provided the sustenance they need to survive and thrive. These types of assistance can be critical for people living in difficult circumstances, such as those affected by conflict or natural disasters. Ashraful Aid works closely with local communities and governments to ensure that assistance is tailored to the specific needs of the people we are helping.

With your help and the generosity of other donors from around the world, there is hope that food insecurity in Burundi can be reduced and that its citizens can once again have access to the sustenance they need for a better future.
